

- We supply a full range of blow moulded plastic containers from 500ml to 10 litres ex stock
- Available in various sizes up to 10 litre with tamper evident caps for product security in storage and transit.
- Proven as an ideal packaging medium for a wide range of products from soft drinks to white spirit, sauces to detergent or chemicals to oils
- Manufactured by the most modern equipment to ensure quality. All containers are tested prior to leaving the factory
- Packaged in brick form to reduce the possibility of container damage and allow more containers to be stored in a given area
